

“The New Normal” Chez Vous’ Covid19 Safety Prevention Measures

Working to provide safe and secure services continuously

Daily Life Practices

Ensuring sufficient sleep and nutrition, and to increase overall resistance.

Avoid the “three C’s” (closed spaces, crowded places, close-contact settings).

Encourage to wash hands and gargle.

Temperature measurement every morning and report to company for readings of 37.5 ° or more.

We will promptly contact the company in the event of an “unwell physical condition”, “an outbreak of an infected person in the vicinity”, or “returning from Japan or the person living together”.

When Commuting

Wear a mask when commuting.

For worries on commute congestion, consult with the company.

At the start of work and during work

Baggage should not be brought into the client’s room and should be placed as close to the entrance as possible.

After arrival at client’s home, staff will wash hands, gargle, and disinfect fingers.

Change to a clean mask different from when you commute to work.

When carrying out housekeeping service, use disposable rubber gloves.

When working at client’s home, practice social distance with the client.

Request to Customers

Before Scheduled Service

- Please contact us if you have any problems, such as “Your physical condition”, “Outbreak of an infected person in your neighborhood”, or “Return of customer or family member from overseas”.
- To avoid congestion during commuting, we may ask you to change the service time.
- If possible, we may ask for your cooperation to not be present during the time of service for safety precautions. (For housekeeping services.)

During Service

- If client is present during time of service, we would appreciate you to wear a mask for safety precautions. (For housekeeping services.)
